Dear Stephanie Barton:

We have completed a review and approved the NRC Washington State Oil Spill Contingency Plan annual update. The primary updates to your plan include:

- Resources to meet the 2-3 hour planning standards for the San Juan Planning Standard Area
- Spill Management Team Roster
- Dates and formatting

These revisions have been added to our hard and electronic copy of your oil spill contingency plan residing at the Department of Ecology.

If you have any questions regarding this update to your oil spill contingency plan please contact me at [sorr461@ecy.wa.gov](mailto:sorr461@ecy.wa.gov) or at (360) 407-7420. Thank you again for submitting this plan update to Ecology. Your continued efforts at oil spill preparedness play a vital role in protecting Washington's marine environment.

Sincerely,

Sear Orr
